## High School exchange in England

### SCHOOL EXPERIENCE

This program is offered in a 50 years old College providing a high standard of British education in a safe, friendly environment with good modern facilities. The school is located 2 and a half hours by train from London. The 2 campuses offer facilities for photography and video, computer suites, an art studio, modern classrooms, a gymnasium, tennis courts and all weather sports fields. Students can also enjoy the College's swimming pool for free! A fitness centre is also available.

The city itself is a thriving market town on the East coast of England in the county of Lincolnshire with a population of around 60.000 people. It has a rich maritime and agricultural history and, being the main administrative centre for the surrounding rural area, it also offers a wide range of shopping, social and sports facilities.

Students are hosted at the Hall of Residence on campus. The Hall of Residence offers 136 single study-bedrooms, with a choice of self catering or catered accommodation at competitive prices. It is designed so that 5-10 study bedrooms share kitchen and bathroom facilities.
