— HOMESTAY PROGRAMS

## Summer Homestay in Ireland

### HOMESTAY EXPERIENCE

Within this program, students are completely immersed in the language and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a new way of life and a new culture first hand, not like a tourist!

This program is ideally suited to mature and independent students, eager to meet new people from abroad and with enough language proficiency to communicate with host family members. The pure homestay program is not recommended for a first experience abroad, because family integration can be challenging for inexperienced students.

We place our international students for short term homestay program in County Kerry (Killarney and surroundings). All host families have children at home during the program and at least one parent will be home as well.

### EXTRA ACTIVITIES

Students do not attend language classes or group activities. This is a pure immersion program and students are invited to join their host family's daily

activities. The participant should have spending money to cover these extra costs.
