

# Get ready for **LE ROSEY** Summer CAMPS

Le Rosey *Camps* 

*"Le Rosey has prepared me to explore all of my different passions. So hopefully I can have a major in the sciences, but also take courses in the arts, take courses in different languages and really develop the skills that I have learned and loved at Le Rosey. The one thing I will cherish from Le Rosey now that I'm graduating is the friendships that I've made and the community around me. It's not just your class that you graduate with – it's the people who have been here for generations and I feel like I share this sort of bond with all these people. To anyone who is coming to Rosey I would tell them to be themselves. It's such an open and accepting place. It has really allowed me to develop who I am and not hide from my true identity... to make real friends and create meaningful connections with people from all over the world."*

Caroline Marshall, Princeton University, Class of 2015

Le Rosey Camps offer the opportunity to experience a glimpse of the Rosey spirit, become more independent, forge lifelong friendships and of course, have fun in a short couple of weeks.

### **A unique experience in true Rosey style!**

Live in an international and multi-cultural environment (78 nationalities), where swapping from one language to another becomes as easy as counting "one, two, three".

Enjoy the breathtaking scenery, whether by the lakeside or in the Swiss Alps with our wide range of sports and excursions. Develop your artistic talents, theatre skills and musical ability in Rolle at our futuristic Paul & Henri Carnal Hall.

# Switzerland

## Lake Geneva Campus

**Le Classique: July**

**Summer School: August**

**SAT® Prep Camp: July/August**

In Rolle, 30km from Geneva city, Le Rosey's main campus (for the boys) and the *La Combe* campus (for the girls) are situated within landscaped grounds covering 30 hectares.

The campus was established in 1880 in the *Château du Rosey*, with its extensive estate. The historic original building, dating back to the 14<sup>th</sup> century, was then a run-down medieval castle, but it was carefully renovated and the campus improved during the 20<sup>th</sup> century.

The Paul & Henri Carnal Hall, known as the school's Arts & Learning Centre, counts with a cooking lab, visual arts and photography rooms, dance, theatre and music studios. At the heart of the building, the 900-seat Rosey Concert Hall is located.

## Gstaad Mountain Campus

**My Family: June/July/August**

During our summer holidays, the Schönried campus in the picturesque Swiss region of Gstaad — a famous mountain resort nestled in the Swiss Alps and nowadays home to world-famous celebrities — hosts summer camp participants in large Swiss chalets set in some of the most beautiful scenery in Switzerland.

This region abounds with sites of natural beauty and has an excellent infrastructure, allowing visitors to make the most of sporting and mountain pursuits in safety.

Since 1916 the whole school has moved up to the mountains during the winter season to offer its students a term of sun, snow and winter sports whilst continuing their regular school programme.

# Rolle

## Lake Geneva Campus

### School and boarding facilities:

- Bedrooms (2 or 3 beds) with ensuite bathrooms
- 53 classrooms
- 48 apartments for teachers living in the boarding houses
- A theatre, an amphitheatre and a 900-seat Concert Hall
- 2 gymnasias
- 4 specially-equipped sports rooms:  
2 fitness rooms, 1 martial arts and 1 dance studio
- 3 dining rooms
- 2 cafés
- An industrial laundry (providing laundry services for both bed linen and personal laundry)
- A graphic arts studio
- 10 tennis courts
- 1 synthetic rugby field, 1 synthetic football field, 1 outdoor basketball court
- Beach volleyball and beach football courts
- 2 outdoor pools and 1 indoor pool.

### Off campus, Le Rosey also owns:

- A private equestrian centre housing 30 horses, 1 indoor riding school, 1 dressage area
- A private nautical centre equipped with 10 dinghies, 3 motor-boats, 3 yawls and laser sailing boats
- At sea: Ipharra, a 102-foot catamaran sailing yacht.

# Gstaad

## Gstaad Mountain Campus

### School and boarding facilities:

- Bedrooms (2 beds) with ensuite bathrooms
- Classrooms
- IT room. Equipped games rooms and lounges
- Apartments for teachers living in the boarding houses
- Infirmary
- Dining room.

The region abounds with sites of natural beauty and has an excellent infrastructure, allowing visitors to make the most of sporting and mountain pursuits in safety, including:

- Swimming pools
- Tennis courts
- A bowling alley
- Zip-lining routes and cross country tracks
- Climbing walls and Via Ferratas laid out to help students learn to climb in a safe environment
- A centre for alpine expeditions.

JULY 6 - JULY 31, 2020

# Le Classique July

A generalist camp with a twist. Specialise in one area with the **morning Academy** of your choice. **Practice the sports and arts** that you already love and try something new from the 30 activities on offer in the **afternoon**. Enjoy the **weekend sorties** and the **evening entertainment** alongside 300 other students from 50 different countries.

# Le Classique

## In the morning...

### ACADEMIES

Choose one of the following academies to specialise in during the four weeks of camp. There are 2 daily morning periods of 75 minutes.

#### LANGUAGE (English or French)\*

With an average class size of 12 students grouped by level according to the placement test done upon arriving at the camp.

#### SPORTS (Football, Tennis or Basketball)

For the truly sporty; a real immersion during the duration of the camp.

#### LEADERSHIP (From 13 onwards)

Hands-on workshops in self-defence, public speaking, non-verbal communication, dance and singing, coaching and life skills as well as outdoor challenges to embark on your journey to personal success.

#### ARTS (Visual arts or Theatre)

For the more artistically-inclined; create your own works of art and learn about art history, or explore your acting talents and help put together a play to be presented at the end of camp.

\*Our language classes are designed for students who are learning the chosen language. So if your child is a native English-, French- or Spanish-speaker, it's best they choose another language to learn or a different Academy.

## NEW IN 2020!

### TECH ACADEMY (From 13 onwards)

#### Learn. Code. Create!

Want to know how to **creatively** use the **latest technology**? This Academy offers three main modules: **Coding**, **Robotics** and **3-D Design**. Our tech wizards will guide you through each of these modules to **create your own project** during your stay to be showcased at the end-of-camp festivities.

## In the afternoon (from 2pm)...

### SPORTS, TECH & CREATIVE ACTIVITIES

Archery, Badminton, Basketball, Beach volleyball, Ceramics, Circus/Musical, Creative arts, Digital photography, Fitness training, Football, Golf (practice only), Hip-hop, Horse-riding, Indoor climbing, Multi-sports (Baseball, Frisbee, Uni-hockey, Rugby), Nautical Sports (Sailing, Stand-up-paddling), Percussion, Pool Activities, Robotics, School of Magic, Self-defence, Singing, Tennis, Wake-boarding and wake-surfing, Water-skiing, Web design, Yoga, Zumba.

### REAL MADRID FOUNDATION FOOTBALL CLINIC

During this 4-day afternoon training, work on technique and skill with Real Madrid Foundation coaches to become a better footballer!

### TONY PARKER BASKETBALL TRAINING BY LDLC ASVEL

During this 5-day afternoon training, learn from the coaches of France's most titled club, and play against Tony during his visit!

# In the evening...

## ENTERTAINMENT

Every evening has something different in store! From [inter-team competitions](#) to [discos](#), [BBQs](#), [movie nights](#), entertainment by buildings or a [Swiss-themed dinner](#).

# And on...

## THE WEEKENDS

There are two periods for the Academy of your choice on **Saturday** morning. In the afternoon, there will be a shopping *sortie*.

**Sunday** starts with a brunch, and continues with an all-day excursion. 2 out of 3 weekends are spent [off campus](#) with activities ranging from [adventures in the Alps](#), [theme parks](#), [laser tag](#) and more!

For those children whose parents are visiting for the weekend, you may leave campus after Saturday morning lessons and return on Sunday before dinner.

# Excellence Camp <sup>July</sup>

A small group of 10 motivated and adventurous teenagers embark on an unforgettable 2-week journey through the Swiss Alps and aboard a yacht. **Adventure is out there!**

# Excellence Camp

## Mountain Adventure Week

Discover trails in the Bernese and Wallis Alps, learn rock-climbing, cross obstacles, crevasses and glaciers. Work as part of a team while setting up and taking down a camp every day, and learn how to live in a community. Most nights are spent in mountain huts.

A unique opportunity to enjoy a superb adventure in the heart of the spectacular scenery of the **Swiss Alps**.

## Offshore Navigation Week

After this exciting week in the mountains, you will then fly from Geneva to join our 102-foot Sailing Yacht, *Ipharra*, for a splendid cruise; the **islands** you will visit change every year.

Learn how to handle a large yacht, using both engine and sails; practice sailing manoeuvres; learn how to calculate routes using maps and electronic navigation equipment; appreciate the importance of teamwork and mutual respect; and, of course, relax and enjoy water sports.

## Staff & Teachers

During the **Mountain Week** you will be under the guidance and responsibility of a mountain-seasoned Le Rosey teacher, a professional mountain guide and a trained first-aider. During the **offshore Sea Week**, our Rosey teacher will accompany you along with the whole Ipharra crew: captain, mechanic, cook chef and steward.

## The Ipharra Yacht

**Ipharra** is a 34-metre (102-foot) catamaran sailboat built for offshore cruising. It is a secure, well-furnished, fast yacht which has 4 triple-berth cabins with bathrooms for the students and 3 cabins housing the 5 crew members.

Ipharra also has a classroom equipped with IT resources; a huge cockpit which serves as a dining room/meeting area and cinema; a reading room, and a flying deck used for marine observation, astronomy and sun bathing!

The yacht also has a dinghy used for exploration, a light Laser sailing boat used for sailing lessons; electric powered sea bobs (also used for exploration), snorkelling equipment, a kayak, water-skiing and wakeboarding equipment, not to mention all the usual modern security equipment - GSM and satellite communication and navigation systems.

paddling

# Frequently Asked Questions

by Parents

## HOW DO I *register* MY CHILD?

Applications are to be submitted online, starting in November. We will then get in touch to let you know if there are places available for the camp chosen, and if not, we will suggest a waiting list or a different camp.

## THE CAMP I WANT IS *too long*, CAN I REGISTER FOR A *short stay*?

All of our camps have a fixed duration and we are unable to accommodate late arrivals or early departures. All students are expected to complete the full programme, and the official dates are the arrival and departure dates.

## CAN MY CHILD CHOOSE A *language academy* IF THEY ARE A NATIVE SPEAKER?

Our language classes are designed for students who are learning the chosen language. So if your child is a native English-, French- or Spanish-speaker, it's best they choose another language to learn or a different Academy.

## WILL I GET FEEDBACK FROM MY *child's teachers*?

After completion of the full camp programme, you will receive an end of camp report by e-mail which includes an evaluation of your child's achievements during the camp.

## HOW DOES THE *boarding house* work?

Camp teachers live on the floor with the students, ensuring everyone's well-being and safety. During mealtimes, each student is assigned a table which is also shared with the camp teachers.

Boys and girls sleep in separate buildings. However, sports and activities are mixed. In Rolle, students are split into Juniors (until age 12) and Seniors (13 onwards). The main difference is an earlier bedtime and the possibility of doing different activities as well as living in different buildings.

All our rooms are spacious twins with ensuite bathrooms. In Rolle, the SAT Prep Camp students and some of the youngest Juniors may be in a co-ed building, where one floor is for boys and one floor is for girls.

## CAN WE MAKE A *room mate request*?

Of course! As long as they are the same age, and naturally, boys and girls sleep in separate buildings.

If no special request is provided, we will organise the rooms' occupancy before camp starts, and make sure that each room is occupied by 2 different nationalities/ cultures to make sure an intercultural exchange can happen.

## WILL *someone be at the airport* TO WELCOME MY CHILD?

A Rosey desk is situated in the Arrivals area at Geneva Airport. Children travelling alone are met by our staff and driven to camp. Transfers to and from Le Rosey are included in the camp fee as long as they take place on the official dates of start and end for camp. Outside these dates, the transport will be charged to the student (around CHF 150 between Rolle and the Airport and CHF 500 between Schönried and the Airport).

No transportation is organized from/to Zürich Airport. No plane reservation, flight changes or visa applications can be made by Le Rosey Camps during your child's stay with us.

If you are travelling with your child, we are unable to offer you joint transportation. The Lake Geneva Campus in Rolle is just 30 minutes from the airport. The Gstaad Mountain Campus in Schönried can be reached from the airport in 2h30. Both campuses are accessible by car or train.

## CAN I *visit the camp*?

Visits are not allowed during the week. During the weekend, a diverse programme of activities and excursions is on offer. Students who choose to leave for the weekend with their parents, may do so on Saturday after lessons and must return on Sunday by 6.00pm. The Direction must receive a written invitation by midday Friday at the latest.

During the Excellence Camp, students are requested to remain on site during the transition weekend.

**Mountain & Sea**

The programme combines a  
**mountain adventure week** (hiking,  
rock-climbing, setting up camp,  
discovering glaciers...), followed  
by a **week of offshore ocean  
navigation** on board a sailing  
catamaran (exploring islands,  
swimming, snorkelling, kayaking,  
biking...).

## WHAT DO I DO IF MY CHILD HAS *health issues*?

Parents are requested to provide a health questionnaire for their child at the time of enrolment. Please make sure to include any important medical information we need to be aware of, such as allergies or medication. Le Rosey Camps is not responsible for any missing information or health concerns ensuing as a result.

Healthcare professionals are available 24/7 on campus. They are qualified to give first aid and deal with minor ailments. They are in regular contact with local doctors, will set up medical appointments and ensure that the children take their medication. Any prescribed medication is kept and administered by the nurse; self-medication is not allowed.

Our staff is vigilant with regard to the school rules on the personal hygiene of each child such as taking a shower daily, brushing teeth and wearing appropriate clothing. Anti-bacterial hand gel is available in dining rooms.

## *What clothes* DOES MY CHILD NEED TO BRING?

When your child's place at the camp has been confirmed, we will send you our recommended packing list.

## DO CHILDREN DO THEIR *own laundry*?

Dirty laundry is collected from the rooms, washed, ironed and returned to the rooms throughout the camp. You will be able to label your laundry on the day of your arrival.

A dry cleaning service is not provided during the camps.

## CAN MY CHILD USE A *mobile phone*?

Mobile phones are allowed, but their use is restricted to specific times during the day: after lunch, before dinner and just before bedtime, strictly following the rules given by the Camp Director. For the rest of the day, and at night, phones must remain in the student's personal safes or turned in to their teachers. Repeated abuse of our phone policy will result in confiscation of the device.

## IS THERE *internet access* DURING THE CAMP?

Wi-Fi is available during the camp, strictly following the rules given by the Camp Director.

## HOW IS *pocket money* GIVEN TO MY CHILD?

The suggested amount of pocket money is included in the invoice sent to you after registration. Children will be able to withdraw small sums of pocket money, 2 or 3 times per week, from the person in charge.

Expenses such as medical fees in case of illness, personal expenses (UM services, stamps, phone calls, shopping, excess baggage, etc.) and the transport to/ from Geneva airport outside the camps' official start and end dates are paid from the remaining pocket money.

Any amount still outstanding from the camp fees on the child's account may also be settled from the child's pocket money. The sum of CHF 150 from the pocket money is held until the last day in case of any unforeseen expenses. The remaining balance of pocket money is given to the child upon departure. If you wish to leave extra pocket money with the Direction, please note that only cash in Swiss Francs is allowed.

## A FINAL *note*...

Our five programmes are led by professional staff who work during the school year at Le Rosey, one of the leading boarding schools in the world.

You can leave your children with peace of mind knowing that they will gain in self-confidence and autonomy – but only if you are ready to not interfere in their daily life! Give them the chance to develop, and limit your communication with them: it might be difficult at the beginning, but it will pay dividends!
