Summer Homestay in the USA

HOMESTAY EXPERIENCE

The short-term homestay program offers teenagers opportunities to experience the everyday life of a host family in the USA.

Within this program, students are completely immersed in the language and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a new way of life and a new culture first hand, not like a tourist! The homestay program is the most affordable language travel!

This program is ideally suited to mature and independent students, eager to meet new people from abroad and with enough language proficiency to communicate with host family members. The pure homestay program is not recommended for a first experience abroad, because family integration can be challenging for inexperienced students. Students are not able to choose a specific location as the primary goal is to match a student with a host family in terms of interests, hobbies etc. The pure homestay program is a true cultural exchange.

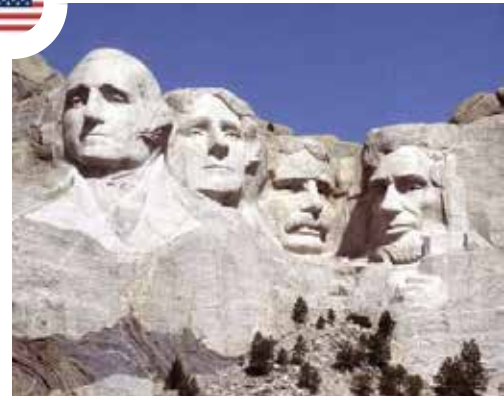

If you choose the Homeschooling option (usually for students aged 14-16 with basic skills), your tutor, who is a family member, will be able to adapt his/her classes to your specific needs and interests.

EXTRA ACTIVITIES

Students do not attend language classes or group activities. This is a pure immersion program and students are invited to join their host family's daily activities. The participant should have spending money to cover these extra costs.

HOMESCHOOLING IN THE USA

This option gives students an opportunity to learn and practise the language with a host family member on a structured one-to-one basis (15 hours of language instruction during the first two weeks). It also provides the context for communication, language activities, and cultural sharing that fosters continued understanding and friendship.
